To Whom It May Concern:

The Staunton Farm Foundation retained the services of RDP Consulting Services to guide our board and staff in considering a strategic focus. Over a nine-month period, President Ron Porter guided us, along with a cohort of fellow foundation representatives, through a planning effort.

During the nine month planning period RDP Consulting was consistent in documenting the steps of the planning process, facilitating key meetings to assure consistent progress, and providing research and technical assistance upon request. The consulting activities were executed in a timely and accurate manner.

At the conclusion of the planning process the board and staff of the Staunton Farm Foundation were pleased with the services provided by RDP Consulting Service. Please feel free to contact me for specific information.

Sincerely,
